25th International Conference of the Czech Association of Geomorphologists

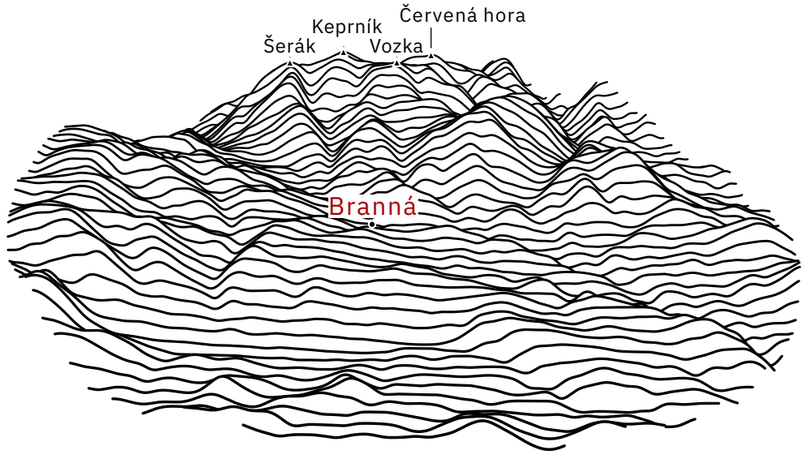

14th Scientific Conference of the Association of Slovak Geomorphologists at the Slovak Academy of Sciences

State of Geomorphological Research 2027

14 to 16 April 2027

Kolštejn Castle, Branná, Hrubý Jeseník Mountains, Czechia

50.151° N, 17.012° E

The conference brings together geomorphologists from Czechia, Slovakia, Poland and beyond to share recent research on landforms and surface processes. Contributions from all fields of geomorphology are welcome, and we particularly encourage students and early career researchers to present their work.
